Šárka Smolková, from Czech Republic, spent one semester at Andebølle Youth College. In the school she met a lot of people from other Countries and her hungarian boyfriend.

Why did you choose to come at Andebølle Ungdomshøjskole? How did you hear about the school?

I heard about Andebølle for the first time from my teacher and after from 3 students that went to Andebølle in the previous years. They told me it was really nice!

Was it hard to leave your home Country to go to Denmark, alone and without knowing the language? Did you feel yourself at home in the school, with the other students and with the teachers?

No, it wasn't hard because I went there with 6 other Czech people. I felt like home in the school, maybe even better than home.

What do you miss the most of Andebølle and what do you remember most about this experience abroad?

I miss everybody who was with me in Andebølle. The most important experience was to live alone without my parents and to meet a lot of students from other Countries!

Was your semester at Andebølle important for your life and for your cultural and personal development? If yes, in which way?

Yes. It was important for me because I think I have changed a lot there, and then in Andebølle I met my hungarian boyfriend!

What are you doing at the moment and what are your plans for the future?

Now I am studying: I want to finish high school and after I want to go to Denmark again, to study at the University there.
