

TURKISH DAY @ ANDEBØLLE

The new series of *Intercultural Evenings* at Andebølle Youth College started last week with **TURKISH DAY**.

The only Turkish student, Serra, prepared a delicious Turkish meal for the whole school: **Köfte** (meatballs) **with potatoes** and **Tzatziki** (a sauce made with yoghurt, cucumber and garlic).

She worked on a **presentation about her Country** too, to show to the other students something about Turkey and about her city, **Istanbul**, and to help them learn about traditions and customs of a Country so different from their own.
