UNGDOMSHØJSKOLE

The Halloween Party

A night filled with emotion and suspense was October 29, in Andebølle Folk High School. The activities began one week earlier with the preparations for the party with the traditional decorations, pumpkin carvings and food for the feast and not forgetting the fun of picking up the costumes to wear that night.

The students enjoyed a delicious dinner along with an artistic night where they displayed their artistic talents and creativity by developing their own costumes. The moment that everyone was waiting for was Play where everyone had frightened the pleasant and happy Halloween!
